Graffiti remover

Ref: A02149

Graffiti remover C2 without chlorine solvent 500ML

Removes all graffiti on paint and smooth surfaces.

Can be used to remove graffiti on car or truck bodywork, but always make a prior test to make sure that the initial paint layer does not come off as well.

PACKAGING

Tin plate can diameter : 65 mm / height : 195 mm

Nominal volume : 650 ml / Net volume : 500 ml

Box of 12 aerosols.

INSTRUCTION FOR USE

Respect action time.

Graffiti on painted surfaces : shake well before use. Spray to cover the surface with a consistent layer, remaining at 15 cm from the surface. Allow to react for about 3 minutes, then rub with a cloth. Apply a twice if you wish, and rub until all graffiti have disappeared. Complete the operation by washing with large quantities of lukewarm or warm water.

Do not apply on rubber until you have done a compatibility test.

Do not use on warm surface or in the sun.
