SYSTEM

Flat mopping system with pockets, to be used either pre-soaked, soaked on demand with soaking station or with handles with tank
Ideal for professional cleaning of horizontal and vertical surfaces in environments with high contamination risk

GREEN BOX

Eco-friendly: completely made of polypropylene, non-rusting, solid and entirely recyclable

Advantages

- **Effective:** It ensures deep cleaning and maximum hygiene
- **Time-saving:** closing system of the frame through pedal
- **Easy:** mop changing is easy and quickly
- **Easy to maintain:** cleaning of the tool is very easy and fast
- **Efficient:** the Lampo system allows the same handle to be used with the whole range of dusters, web brushes and frames, hooking them up in a flash

Compatibility

Compatible with any handle with hole or Italian thread with 23 mm diameter

06/09/22

Material

Polyamide, glass fibre
