

iS1100B

Rider sweeper

PRODUCT SHEET

Increased Efficiency

AGM Battery

The iS1100B sweeper is a versatile, effective sweeper that sweeps large commercial or industrial areas in one pass. This innovative riding sweeper can efficiently clean a variety of flooring including concrete, finished hard floors, and carpet with either one or two brush operation. The modern compact design, ergonomic seating and touch-panel controls ensure easy operation and maneuverability around tight areas. The iS1100B is equipped with 24V/220Ah AGM maintenance-free batteries and on-board charger.

Segments

Facility Management

Industry & Logistics

Public Areas
Governments
Leisure

Benefits

- Increased efficiency by user-friendly touch panel controls
- Provided with AGM batteries and on-board charger
- Several warranty and service packages for more convenience
- Main broom 70 cm, double side brushes for edge cleaning, 129 cm total cleaning path
- Debris hopper 80 liters capacity, divided into two times 40 liters for easy emptying
- Maximum working capacity of 6,200 m²/hour
- Dual-stage filtration system to 3 microns, stage 1 pre-filter and stage 2 panel filter
- 132 cm minimum aisle turn
- Safety lights on front and rear
