

LINAX stripper

green-Effective® Universal Floor Stripper

■ Eco-efficient performance with eco-effective product design

User and environmental safety at the highest cleaning performance

- Developed to fulfil the Austrian Ecolabel
- Registered in the positive list of „DIE UMWELTBERATUNG“
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration

Sustainable development and production

EMAS:

- Continuous improvement of environmental performance
- Annual sustainability report
- Energy and water management
- Social Fairness

DIN ISO 14001:

- Continuous improvement in reducing waste and CO2 emissions, and saving of energy, water and material consumption

ISO 50001:

- Continuous improvement of energy management: performance, efficiency, security, use and consumption

A.I.S.E.-Charter:

- Safe and sustainable manufacturing of cleaning products

DIN ISO 9001:

- Continuous improvement of management processes and customer satisfaction
- Established quality management system in product development and production

Complete biodegradability

- LINAX stripper with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard*

*for more information please visit www.wmprof.com

Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Active water stewardship maintaining an own fresh and waste water treatment

Full transparency - complete ingredient declaration

<5 % soap, anionic surfactants (sodium alkyl sulfate)

Specific ingredients: water, glykol ether, complexing agent (Imidodisuccinat)

Traditional German quality - driving your durable business development

- More than 25 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

LINAX stripper

green-Effective® Universal Floor Stripper

- Universal ■ Safe ■ Cost-efficient

Product profile

- LINAX stripper is an universal floor stripper with exceptional environmental properties. Respecting the biological cycles, it cares for people's health and cleaning staff's safety.
- Meanwhile enhancing the work safety, LINAX stripper is safe on sensitive materials and has a low impact on indoor air quality, which makes the removal of old polymer layers even more user safe.
- This cost-efficient product works ideally in a system with LONGLIFE polish. It effortlessly removes even multilayer LONGLIFE polish polymer coatings.
- By the complete abandonment of hazardous ingredients such as phosphates, EDTA, NTA, perfume and colour, LINAX stripper takes on the responsibility for future generations.

Area of application

- LINAX stripper is suitable for universal use on all water resistant floorings. Especially suitably on all flexible floor materials such as PVC, linoleum, caoutchouc and other special plastic / rubber materials as well as on hard floors (e.g. stone and sealed wooden floors).
- Not to be used on unsealed wooden floors, laminate and cork.

Product safety, storage and environmental instructions

Safety: For professional use only. Keep away from children. Do not mix with other products. Test material compatibility before use. For further information, see Safety Data Sheet.

Storage: Store at room temperature in the original container.

Environmental: Only give completely emptied packaging in the recommended waste container. Proper dosing saves costs and minimises environmental impact.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

100-200 mL/L

Deep cleaning: apply on the floor (max. 50m² at once), leave for 10 min.

clean the floor with a single disc machine and a green pad or a scrubbing brush.

remove the dirt and old polymer layers using a water-suction cleaner. Rinse with clean water.

80 mL/L

Top stripping: spray on floor and treat with a single disk machine and a suitable pad.

50mL/L

Intensive cleaning: can be used in scrubber dryer machines.
